### In September, orders in industry continued to increase

In September 2023, the value of new orders in industry increased by 2.9% year-on-year and reached a volume<sup>1)</sup> of EUR 5.78 billion. After seasonal adjustment, new orders decreased by 0.8% month-on-month.<sup>2)</sup>

New orders in industry continued their year-on-year growth for the second consecutive month. The volume increased in 5 of the 12 monitored sectors of industry.

Orders increased year-on-year the most in manufacture and processing of metals, manufacture of motor vehicles, semi-trailers and trailers, and in manufacture of computer, electronic and optical products. Orders decreased year-on-year in manufacture of electrical equipment, manufacture of chemicals and chemical products, and manufacture of textiles.

- 1) absolute data are collected for selected divisions according to SK NACE Rev. 2 at current prices, indices are calculated from data at constant prices (December 2015 = 100)
- 2) data are seasonally adjusted by the programme JDEMETRA+ and during the processing of each month they are re-adjusted from the beginning of time series.
