Počet strán: 215

Kód publikácie: 8070321

Comprehensive overview of statistical information characterising status of women and men in contemporary society. It includes data divided by gender in the field of demography, labour market, social statistics and health, education, science and technology, criminality, violence and justice, public life and decision-making. The content is supplemented with international comparisons and graphic annex. Methodological notes are included.

In the publication, page 49 was exchanged, in the chapter Labour market for incorrectly published data on the number of employed men in total.
