### The year 2024 started with a positive January's balance of EUR 411 million

The value of the exports increased only slightly compared to the corresponding period last year, mostly affected by the export of motor vehicles. Imports, which recorded a year-on-year decrease, were mainly affected by the decrease in the value of the imported energy commodities.

In January 2024, according to preliminary results, goods in the amount of<sup>1)</sup> EUR 8.6 billion were exported from Slovakia with a year-on-year growth by 1.1%. After two previous months of decline, it returned to positive numbers. The most important part was the export of motor vehicles.

The value of imports<sup>2)</sup> decreased by 6.9% to EUR 8.1 billion. A more significant decline thus continues for the third consecutive month. In January 2024, the balance of foreign trade was in surplus in the amount of EUR 410.9 million, which was a better result by almost EUR 700 million compared to the corresponding period last year.
