

## Conditions for use and further dissemination of the SO SR statistical data

Last update:26.05.2017

Statistical information released by the Statistical Office of the SR through the website [www.statistics.sk](http://www.statistics.sk)

can be:

- disseminated: copied, distributed and communicated to the public,
- used and quoted in other publications,
- used commercially,

under the following conditions:

- the Statistical Office of the SR (SO SR) will be indicated as the data source (however, this must not give the impression that the SO SR supports the data user or the way he uses his work),
- statistical data and information will be used only in a way, which does not alter or modify their meaning.

Other conditions for use of SO SR data:

- statistical information's and data are published according to the [Act No 540/2001 Coll. on State Statistics](#), as amended,
- provided that SO SR data are disseminated applies the International Public License and there is an obligation to mention the terms of this license, preferably by a direct link to this web page [www.statistics.sk](http://www.statistics.sk)
