

Accessibility statement - esvcs

Last update:04.12.2020

The Statistical Office of the Slovak Republic is interested in ensuring the accessibility of its website in accordance with Act no. 95/2019 Coll. on information technology in public administration and relevant implementing regulations within the scope of the conditions under Directive (EU) 2016/2012.

This accessibility statement applies to the website <https://esvcs.statistics.sk>.

Compliance status

This website is in partial compliance with Act no. 95/2019 Coll. on information technology in public administration and relevant implementing rules within the scope of the conditions under Directive (EU) 2016/2012 with regard to the non-compliance elements listed below.

Inaccessible content

The content below is not available for the following reasons:

1. The success criteria 2.4.1 Bypass Blocks (Level A) were not met - No method is provided to bypass content blocks.
2. The success criteria 2.4.6 Headings and Labels (Level AA) were not met - provide a label for the input element. Some inputs do not have a "label for" attribute.
3. The success criteria 1.3.2 Meaningful Sequence (Level A) were not met in tables in application - A table nested in a table without a layout.
4. The success criteria 1.3.1 Info and Relationships (Level A) were not met in tables in application - The table is used for presentation and data.
5. The success criteria 2.4.3 Focus Order (Level A) were not met - tabindex is used on non-interactive components in a way that moves it in tab order. Only the active element should be in tab order.
6. The success criteria 1.1.1 Non-text Content (Level A) were not met - some active elements shown in the image do not contain an alt attribute.
7. The success criteria 3.3.2 Labels or Instructions (Level A) were not met - aria-labelledby is used on an element that does not reliably express this attribute.
8. The success criteria 2.4.1 (Bypass Blocks), 4.1.2(Name, Role, Value) were not met - missing title attribute for iframe blocks.
9. The success criteria 4.1.2 Name, Role, Value (Level A) were not met in left menu - aria-expanded is on an element where it will not be mediated by the screen reader user.
10. The success criteria 4.1.2 Name, Role, Value (Level A) were not met - specified invalid aria role for select button generated by javascript framework.
11. The success criteria 4.1.2 Name, Role, Value (Level A) were not met on some buttons in application - attribute "value" is empty.

Preparation of this accessibility statement

This statement was made 10. 11.20 20.

Evaluation of the compliance of the website with the requirements of Act no. 95/2019 Coll. on information technology in public administration and relevant implementing regulations in the scope of conditions under Directive (EU) 2016/2102 was performed by self-assessment.

The declaration was last checked on 10. 11. 2020.
