11 Quality management

11.1 Quality assurance

The quality declaration expresses the basic ideas and commitments of the chairman and top management of the Slovak Statistical Office for the quality policy of the Slovak Statistical Office, as well as increasing the effectiveness and efficiency of the integrated management system of the Slovak Statistical Office.

Declaration of quality of the ŠÚ SR SR

The quality policy is based on the mission of the Statistical Office to provide quality and objective statistical products and services while strictly maintaining the confidentiality of statistical data in order to support the increase of the information and intellectual capital of customers. In this way, contribute to the reduction of risk in their decision-making processes and thus support the provision of sustainable development and raising the level of the Slovak Republic as part of the EU. The mission is formulated in the development strategy of the Statistical Office of the Slovak Republic.

Quality policy

The quality manual describes the documented procedures of the quality system, which are used in the construction, implementation and continuous improvement of the quality management system in the Statistical Office of the Slovak Republic. It contains a description of the quality management system and the fulfillment of the requirements of the ISO 9001 standard. The application of the manual in practice ensures that all activities that have an impact on the quality of the created products are planned, managed, reviewed, evaluated and meet the requirements accepted in the order.

Quality manual

The basis of the entire quality management system is the Code of Practice for European Statistics.
